

# JAPAN

## Technologies

I can suggest how designing and making can meet the needs of Japanese culture

I can describe main features of Japan's economic life and how it is changing

I can suggest ways in which choice is influenced by development of new products, processes and advertising

I can use different methods to record my findings about Japan's people and climate

I can use a map to locate Japan, its main land masses and its major cities

I can describe how weather and climate can affect people in Japan, for example earthquakes

## Geography

## Art and Design

I can produce pictures and objects that show I understand the use of visual elements

I can use my what I already know to make appropriate choices from a range of materials and techniques.

I can use Japanese symbols to write my name

I can say simple words and phrases in Japanese

## Modern foreign languages

## RME

I can discuss some of the differences between the religions worshipped in Japan

## History

I can describe some features of Japanese culture, people and events from the past and suggest why they might be considered significant
