Collecting and Analysing	<ul style="list-style-type: none"> <li>Use a simple predefined database</li> </ul>	<ul style="list-style-type: none"> <li>Use simple database to look up information about their grandparents.</li> </ul>	<p><b>Collect</b> - by obtaining information</p> <p><b>Interpret</b> - from displays by locating and counting</p>
Communicating and Collaborating	<ul style="list-style-type: none"> <li>Show awareness that messages can be communicated electronically</li> </ul>	<ul style="list-style-type: none"> <li>Open and read e-mail messages.</li> <li>Compose messages as a class.</li> <li>Send e-mails by clicking on 'send' button.</li> <li>Print messages where appropriate.</li> </ul>	<p><b>Functional writing</b> - write briefly for a simple practical purpose.</p>

- Draw a picture of a Grandparent using the drawing tools in Granada Toolkit.
- Write a sentence about their Gran or Grandad using Granada Writer or Microsoft Word.
- Write some sentences about a memory of their grandparents.
- Use clip art in Granada Writer to illustrate an aspect of their grandparents life.
- Discuss communication long ago and compare it to now eg. Letter, phone, fax, e-mail. An introduction could be made to the software used for e-mailing (GroupWise) with a short demonstration and discussion of some of the functions and conventions involved. This might include the need for an exact address and the instruction not to include personal information. A short message could then be sent to another class.
- Compose and send e-mail or fax to arrange a school visit, to find information or to say thank you.
